

CiDer

www.callerid.gr

Industry : Computer Telephony Integration (CTI)

Country: Global FSK based CID*

Title : CiDer

CiDer is a FSK based Caller ID able to monitor 2 phone landlines and broadcast (to the LAN/WAN) UDP/IP packets containing caller's details.

- ✓ Caller's phone number
- ✓ Date/Time of the incoming call
- ✓ Caller's name (MDMF only)
- ✓ Checksum

CiDer comes with CiDerApp, a software tool which creates pop-up windows listing all the inbound calls. Integration to proprietary applications is easy through a common BSD API.
